

MASSAUD CONFERENCE SEATING

Coalesse Design Group + Jean-Marie Massaud

coalesse®

Engineered for comfort.

Created in collaboration between the Coalesse Design Group and Jean-Marie Massaud, this is a chair that adds fact to form. Every detail is driven by advanced engineering to assure optimised comfort from the inside out. Our science shapes a better chair to support productivity and generously fit the body.

**Low-Back Conference Chairs
Integrated Arm**

Tailored by you.

Personal by design, for the perfect fit every time. Two refined upholstery techniques allow for many tailorable expressions, in crisply fitted or soft duvet styles. With mid or low backs, up to three fabrics, and a choice of arms and bases, you can mix and remix to customise each chair from a range of standard seating options to meet in your own style.

———— **Duvet conference chair.** Plush and quilted upholstery for a softer, casual look.

———— **Conference chair.** Firm and tailored upholstery for a more formal expression.

Dressed for work.

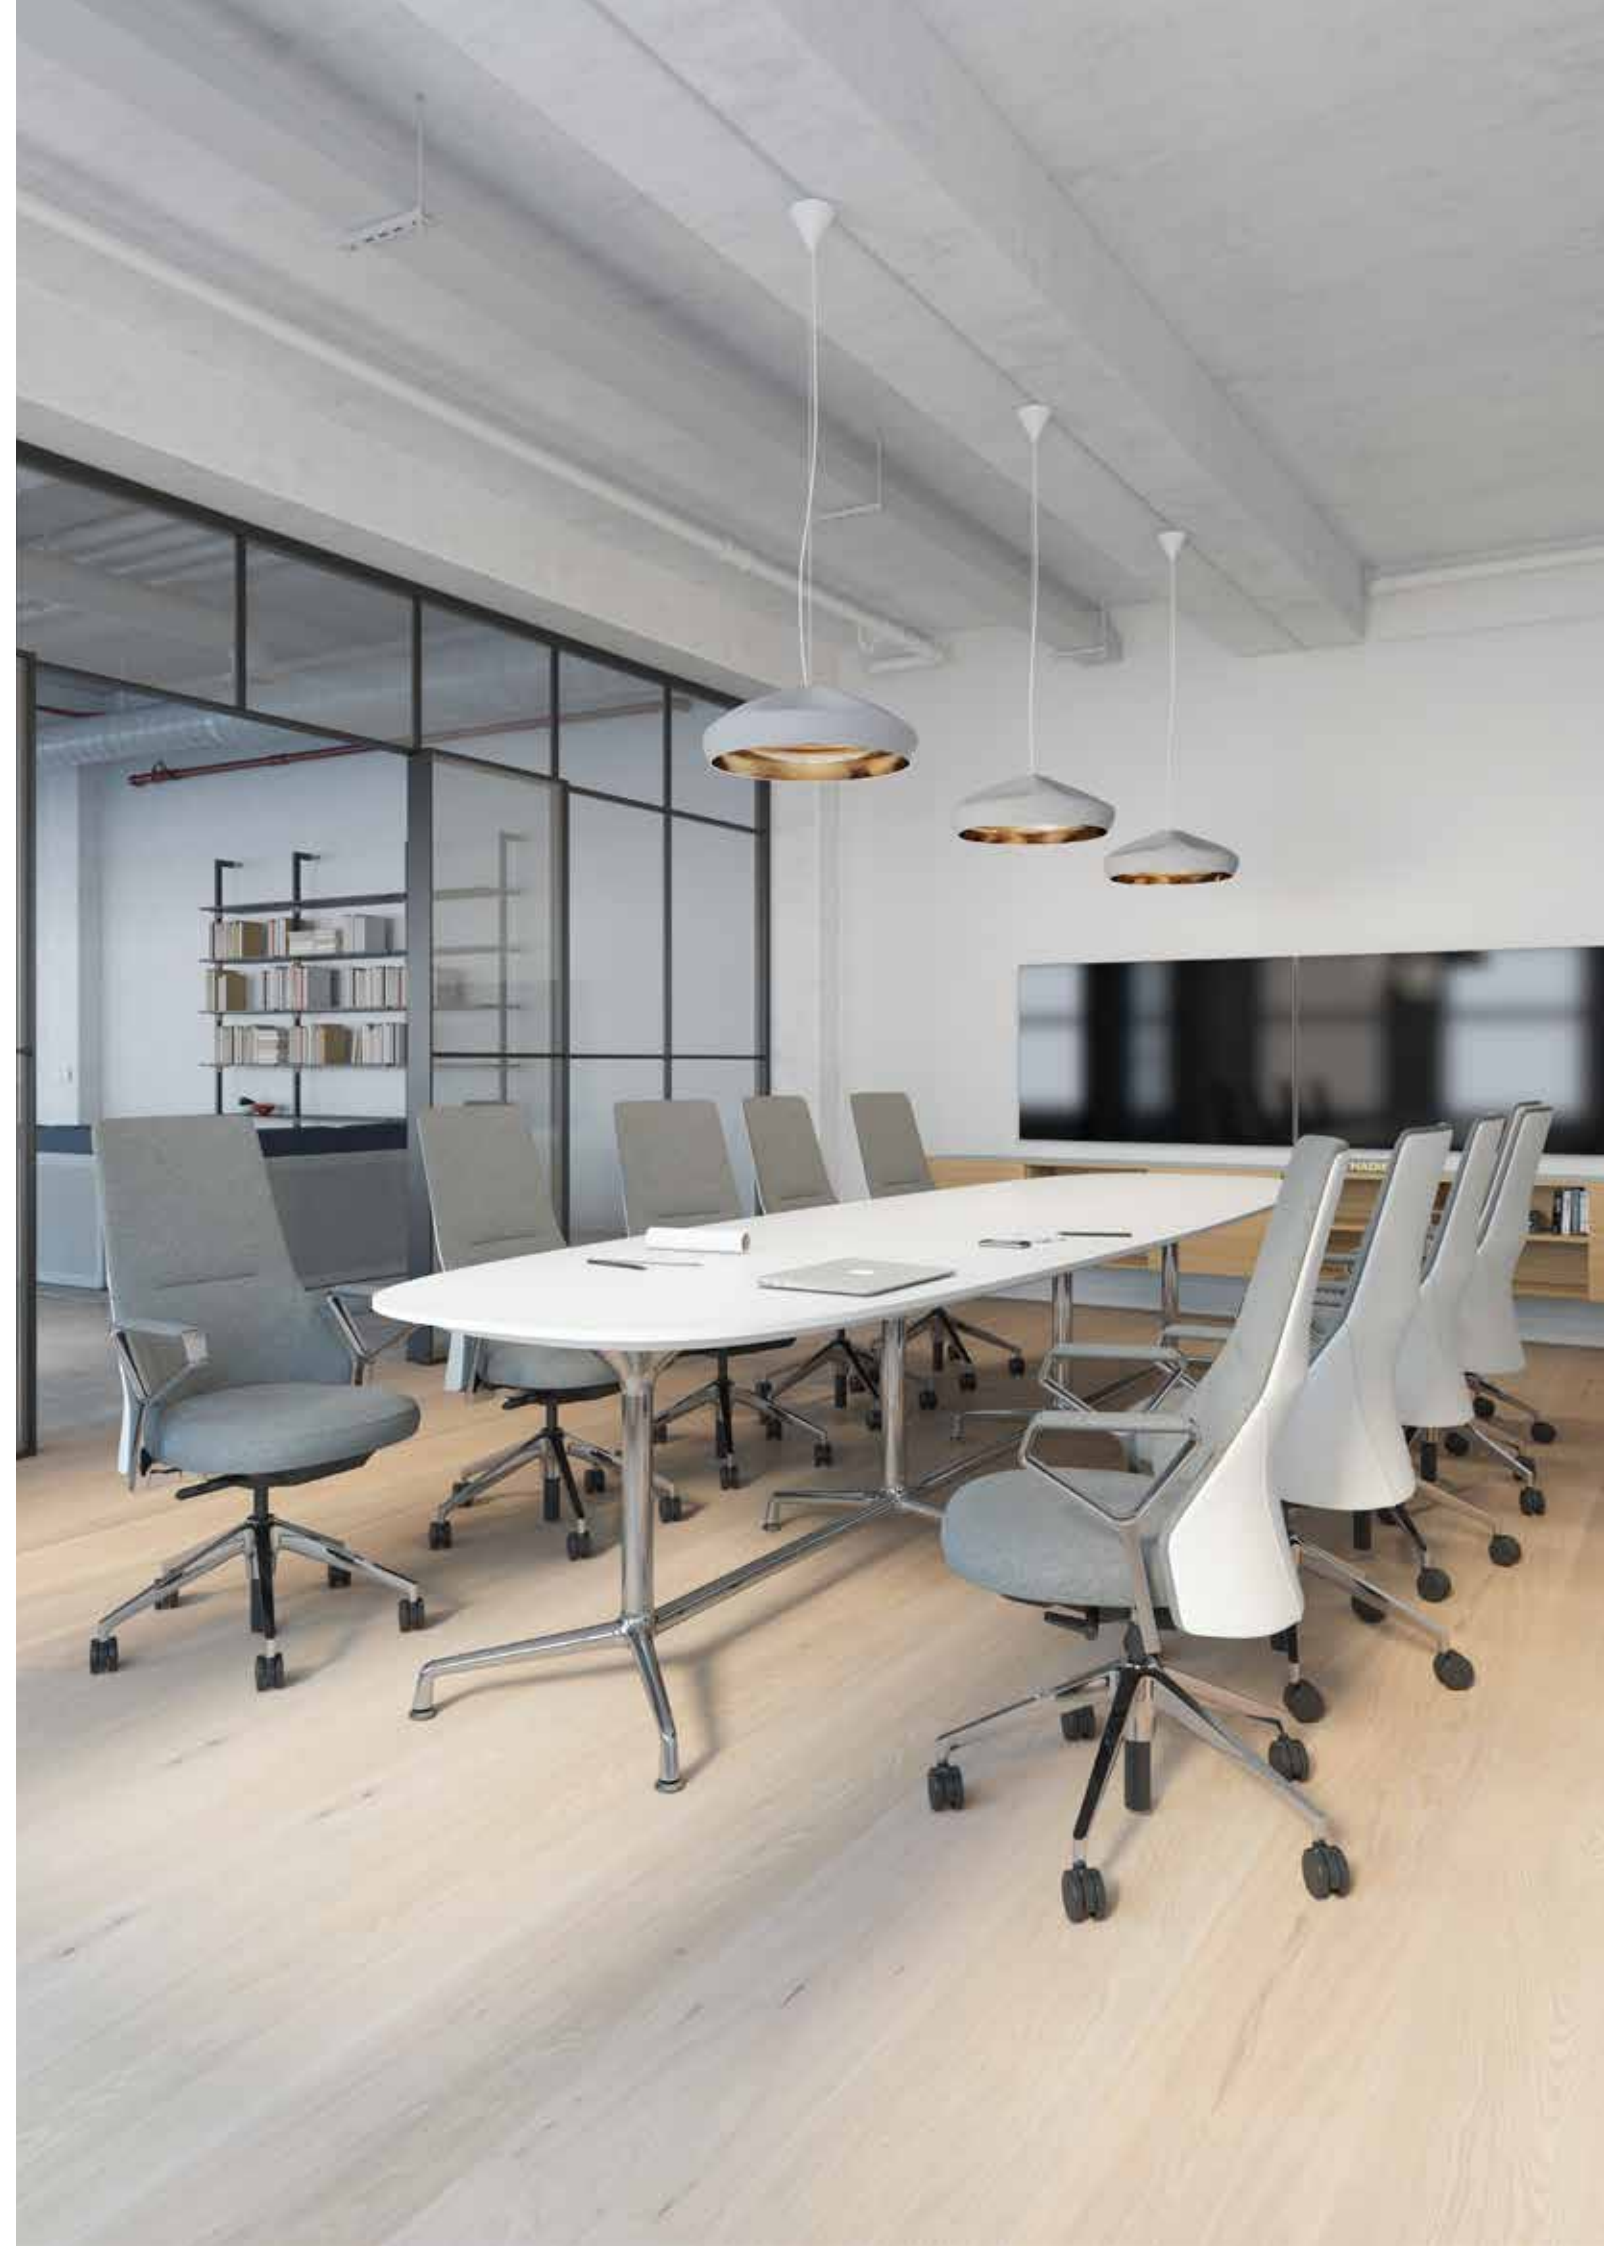

Massaud Conference Seating brings forward-thinking design and applied seating science to the diverse places where people meet. Sculpted in form, engineered for comfort, and crafted with precision, this chair is a modern classic that you can tailor to fit your style of work.

**Mid-Back Duvet
Integrated Arm
