## Plug and Play Acoustics

In the open plan, the demand for enclosed spaces usually exceeds the supply. Provide workers with the privacy they crave with Officebricks Acoustic Pods, a modular system that offers top-level sound insulation in an inviting atmosphere.

Officebricks Acoustic Pods can be assembled quickly — no drilling, adhesive bonding or screwing needed. Disassembly is also seamless, allowing for easy reconfiguration or relocation of office space.

# 85%

of the workers today say they have difficulty concentrating.

x H238 cm

## FEATURES

### Light and Ventilation System

A sensor-activated, low-noise ventilation system ensures a healthy climate and pleasant atmosphere without diminishing the acoustic comfort. LED light panels provide a comfortable indirect light.

### Access to Power

Units can be outfitted with a normal power socket, ethernet and USB supply, all conveniently within reach.

Optional monitors and whiteboards increase the collaborative capabilities of the Officebricks Acoustic Pods.

## ACOUSTIC PERFORMANCE

Made of laminated safety glass and a clever brick system, Officebricks Acoustic Pods provide two-way sound insulation. Sound outside of the pod remains outside, while conversations inside the pod stay private. The Acoustic properties are industry leading (>35dB).

The pods are made in Germany with high-quality components sourced in Europe.

## SURFACE MATERIALS

### Brick Textures:

	Aluminum		Oak Light
	Concrete Pearl Grey		Spruce

### Brick Colors:

	Agave		Marocco Blue
	Birch Grey		Ocean
	Blue Avio		Orange
	Chilli Red		Petrol
	Dark Grey		Sea Green
	Gentian Blue		Sunset Orange
	Light Blue		Yellow
	Lime Grass		

### Brick Absorbers:

	Dark Blue		Grey (Standard)
	Grass Green		Light Grey
	Green		Red
	Greige		Sky Blue

Colours are representative and may vary slightly from actual material. For further options, visit us online.
