

SEBASTOPOL

Emilia Borgthorsdottir, USA

coalesse®

Inspired.

Simple yet engaging, solid yet open, both surface and storage, Sebastopol redefines the occasional table. It moves easily and invites interaction. Pull it closer to make it your own. Push several together to create a generous centerpiece for groups.

Wherever it lands, Sebastopol ignores convention. Two heights. Two shapes. Many possibilities.

Playful choice of finishes. The surprising interior gloss either contrasts or converges with the exterior veneer choice.

The optional grommet and PowerPod make Sebastopol a convenient charging station.

“The functionality of any design must suit our body and allow it to move freely. The best posture and position is always the next one.”
